This edition of the newsletter brings an end to my term as Newsletter Director for Sac Tri Club. Since stepping in to help with the newsletter during the 2008 season, I've worked hard to bring you an interesting and informative newsletter every month and enjoyed every minute of it. With my boys getting older and more involved in high school activities, I find my time split in many different directions.

After over three years in the newsletter position, it's time for me to step down and allow someone new to give voice to STC. We are fortunate to have new member, Kirsten Lewis volunteer to continue creating newsletters for STC.
